Message from Chair, Board of Management Sharjah Clinical and Surgical Training Center Vice Chancellor, Medical and Health Sciences Colleges, Dean of the College of Medicine

The philosophy of CTC is to implement safe, leading-edge and develop high profile training programs that will enhance Healthcare professionals skills. We always strive to equip our participants with latest knowledge and information in the field of medicine. We are working towards creating and promoting advance health care to foster medical personnel.

I thank all the companies, participants and faculties for being the part of CTC during this time and for their continuous support

Enjoy the newsletter and stay safe.

Prof. Qutayba Hamid

Message from Director of Sharjah Clinical and Surgical Training Center

Sharjah Clinical & Surgical training center is dedicated to train diverse group of health care professionals in upskilling and enhance their knowledge with offering new blended and hands-on courses even at the times of COVID 19.

CTC is one of the only Surgical & Training center in MENA region with state-of-the-art facilities that emphasize on Clinical & Surgical trainings, that is why we welcome participants from most of the MENA countries.

We are consistently working to improvise our courses to benefit the participants within UAE as well as outside UAE by offering Online and Blended learning programs.

Prof. Nabil Sulaiman
